Battleship

Secretly draw your ships on **My fleet**: one 4-square ship, one 3, and two 2s, in straight lines. Take turns calling a square, like **C5**. Your opponent says **hit** or **miss**; mark it on **My shots** (X for hit, dot for miss). Sink every ship to win.

Fold on the dotted line, or tear along it, so each player gets their own half. The back of this page is the doodle page, so no other puzzle is lost.
